PROFESSIONAL SUMMARY

Enthusiastic learner passionate about developing innovative solutions and dedicated to achieving technical excellence. Possesses strong logical skills enabling effective solving of complex problems. Seeking opportunities to leverage analytical abilities and technical expertise to contribute skillfully to dynamic projects.

EDUCATION

B.Tech –Information Technology CGPA: 8.32 <i>Dr. N.G.P Institute of Technology, Coimbatore</i>	2026
Higher Secondary Certificate (HSC) – 74% <i>Little Scholars Matric Higher Secondary School</i>	2022
Secondary School Leaving Certificate (SSLC) – 71% <i>St Mary's Matriculation School</i>	2020

TECHNICAL SKILLS

Programming Languages Java
Web Development: HTML, CSS, JavaScript,
Frameworks & APIs: REST APIs, Object-Oriented Programming (OOP)
Database Management: SQL, MongoDB
Tools & Platforms: Git, GitHub, Arduino IDE, VS Code, Microsoft Office

PROJECTS

AgriVaani - AI Powered Smart Agriculture Advisory System Application

Technologies: AI, NLP, Deep Learning, App Development

- Engineered an agriculture assistance app for farmers, integrating crop prediction, weather forecasting, and plant disease detection.

Wheelchair Fall Detection System

Technologies: IoT, SMS Alerts

- Engineered a system to detect falls in wheelchairs, enhancing safety for users with immediate response capability.
- Developed the fall detection mechanism and implemented SMS alert functionality for real-time caregiver notification.

Smart Campus Cleanliness Management System

Technologies: App Development, Machine Learning

- Created a digital solution to manage campus cleanliness efficiently using ML-based image detection.
- Led development of the app interface and integrated ML models for automated reporting and monitoring of cleanliness issues.

SOFT SKILLS

- Team Work
- Adaptability
- Time management
- Critical Thinking
- Problem Solving

CERTIFICATIONS

- Human-Computer Interaction – NPTEL (Score: 83%), 2025
- IoT and Web 4.0 – NPTEL (Score: 67%), 2024
- Oracle cloud Infrastructure Foundation 2023

TECHNICAL ACTIVITIES

- Participated in Speed Maths & Shortcut Techniques for Quantitative Aptitude (2025).
- Participated in Code Debugging competition at Bannari Amman Institute of Technology (2024).
- Attended Technical Symposium at Madras Institute of Technology, Chennai (2023).
- Participated in Technical and Non-Technical events at Sri Ramakrishna Institute of Technology, Coimbatore (2023).

LANGUAGES

Tamil (Native Proficiency) | English (Professional Proficiency)
